

JENINE K. HARRIS, PHD

For the last 13 years, I have used my data science and education expertise to teach graduate-level biostatistics courses, publish packages on CRAN, conduct workshops for new R users, write books on basic and specialized statistical methods, and research social networks, social media, and research reproducibility. I am seeking a remote data science opportunity to apply my technical and training skills to new challenges.

PROFESSIONAL EXPERIENCE

current
|
2010

Professor

Washington University in St. Louis

📍 St. Louis, MO, USA

- Promoted to Associate Professor in 2015 and to Professor in 2021
- Developed and published stable R packages so that students and data scientists could interact with my code
